

Insurances

Insurances

The tenant hereby undertakes to take out insurance with a premium insurance company to cover his third party liability in respect of the holiday villa, including the entire home contents including personal effects situated inside in the holiday villa, as well as his tenant's liability risk in respect of the holiday villa and the home contents, and in respect of any claims which neighbours might assert as a result of damage to their goods.

The tenant is advised to take out cancellation insurance.

GVDF offers the possibility, next to your reservation, to subscribe a cancellation and/or travel insurance. In association with Allianz-insurances we can propose an offer made to measures.

Don't hesitate to contact us!
